

Waterproof, Steel Toe Work Boot

KEEN

A fan-favorite, the versatile low-cut Detroit work boot from **KEEN** (Portland, OR) features a waterproof nubuck leather upper with steel toes. The classic KEEN outdoor styling is durable and comfortable, says the company. Oil- and slip-resistant, non-marking outsoles, and reflective webbing provide additional safety. This low-cut work boot keeps hardworking feet comfortable with removable metatarsal dual-density EVA footbed and dual-density compression molded EVA midsole. Torsion stability ESS shank, asymmetrical steel toes and contoured heel lock put the finishing touches on this versatile boot.
