007 Style Submarine Lotus Drives Underwater

BBC

BBC's Richard Hammond drives a car into a reservoir, and explains how it has been specially designed and built for this purpose. Despite a few leaks, it does actually 'drive' underwater. A car that transformed into a submarine in the James Bond movie "The Spy Who Loved Me" was recently [sold at a London auction](#) [1] for 550,000 pounds (\$865,000).
